

# Why Choose Expacare?

Expacare has been in business for over 40 years, making us one of the world's longest established global health insurance providers. During this time, the international healthcare market has changed considerably but Expacare has remained consistent, continuing to provide our clients with the level of cover you both need and deserve.

## 24/7 Global Support

We're there in the moment of truth and every step that follows. Our global claims teams are multi-lingual so there is never a communication barrier. All are ready to deal compassionately with emergencies and non-emergencies and resolve the complex challenges which may arise when requiring medical support abroad.

## Backed By Lloyd's

We offer International Healthcare Insurance with the reassurance of solid backing and proven expertise from insurers within Lloyd's of London – the world's leading specialist insurance and reinsurance market writing business from more than 200 countries and territories worldwide.

## Ease Of Claims

Wherever you are, with one phone call, we can direct you to the nearest suitable medical facility. We give you the freedom to choose where you receive treatment. If you don't know where to go, we'll help you find a suitable local facility there and then.

## Personal Service

High service standards lie at the heart of everything we do. Our friendly, skilled and experienced team make it as quick and easy as possible to obtain cover, transfer to us from another insurer, make a claim or confirm renewal.

## Long Term Relationships

All policyholders receive a named Expacare contact for truly individual support – a personal approach that shows we're in it for the long term. A number of our clients have been with us for over 30 years – clear evidence of the flexible products, unwavering service levels and peace of mind we continue to deliver.

## Contact Expacare
